HONDA PETROL & PETROL/LPG WITH ACP100

Honda has a large range of lightweight and whisper-quiet, advanced four-stroke generators, ideal for powering house-hold appliances and sensitive electronic devices

The EU30i features a microcomputer-controlled sinewave inverter that guarantees commercial-quality electricity - making it ideal for use with frequency sensitive electrical equipment such as computers. The EU30i also features an Eco-throttle which adjusts the engine speed to meet the load demand. This increases fuel economy whilst reducing noise as the engine is not required to run at full capacity unnecessarily.
